Genuine Broaster Chicken

What is Broaster? It starts with quality chicken, carefully marinated and coated with specially formulated Broaster ingredients. Then, as each order is received, the chicken is placed in the Broaster pressure fryer, designed to cook each individual piece of chicken "under pressure" in the chicken's own natural juices. This limits the absorption of cooking oil and drives the marinade deep down to the bone while searing the chicken with a golden, crispy-crunchy coating.
